

TINY TOTS and LITTLE TYKES inc.

DEAR PARENTS

Happy February! February is a busy month. It is Black History and Dental Health month. There is also Groundhog's Day, President's Day, and Valentine's Day to celebrate.

ENROLLING FOR THE 2021-2022 SCHOOL YEAR

Fall 2021 Preschool enrollment begins Monday, February 15th, 2021 . Enrollment is open for families already enrolled in our program before opening it up to the public. The preschool program is open to children ages 3-5 years old who are potty trained. New rates this year are as follows:

\$165.00 per month for 2 days/week
\$225.00 per month for 3 days/week

February 2021 Preschool News

VALENTINE PARTIES

Our Valentine parties are scheduled for **Wednesday, February 10th & Thursday, February 11th**. We'll celebrate the day by playing games and sharing our valentines. Please have your child bring 10 valentines for the party. **PLEASE DO NOT ADDRESS THE OUTSIDE OF THE ENVELOPES!** Just help your child sign their name on the back of the valentines. If you would like to send trinkets or stickers that day, you may. We prefer that you **DO NOT SEND** candy to pass out.

BUTTER BRAID FUNDRAISER

We will be having a **Butter Braid fundraiser** beginning on **Wednesday, March 3rd** and ending on **Wednesday, March 17th**. These are delicious and are great for Spring celebrations! We will be sending out more information about the fundraiser as we get closer to the date. There will be an option for people to order online as well. A \$25.00 tuition credit will be awarded to the top seller.

The delivery date is set for Wednesday, March 31st. Watch for pick up times.

SPECIAL ACTIVITIES

February is Dental Health Month. There will be some fun activities added to the lessons this month on caring for our teeth.

For music this month Sharon will do a Dental Health theme along with some Valentine songs.

**Keep your pets safe & warm.
Bring them inside.**

BRRR....

Brrr! It's cold outside. Did you know that if it is too cold for you outside, it is too cold for your pet? Even if they have shelter unless it is heated, you are putting your pet at risk of frostbite, illness, or even death.

**Teach your children to be kind to animals, they will also grow up to be kind to humans.*

TYKES CORNER

February is National Dental Health Month.

The following websites, *Mouth Healthy* & *Colgate*, are great resources on dental health for children and adults. The following links will take you to these sites were there is also some fun activities for children: mouthhealthy.org and <https://www.colgate.com/en-us/bright-smiles-bright-futures>.

Especially during these times when activities are limited, it is good to find other ways for children to stay active. Getting outdoors is a great, safe way. Here are a few ideas to increase children's step count this winter:

- 1) Replace story time with drama plays: have children act out stories and fairy tales.
- 2) Walk with your children to increase physical activity.
- 3) Make TV time more active: have children walk around when a commercial comes on TV.

Also, check out the Parent Education topic for this month on our website: "[Helping Kids Make Decisions | Child Mind Institute](#)."
